

HYDRATING SETTING MIST

Refresh skin, lock in makeup and revitalize your complexion throughout the day with moisture-rich **colorescience**® Hydrating Mist.

FEATURES & BENEFITS

- + Calms and replenishes normal to dry skin.
- + Guards against dehydration.
- + Activates vibrancy and luminosity in your Colorescience makeup.
- + Locks minerals in place for enhanced wear.

SPECIALTY INGREDIENTS

- + **D2O Heavy Water:** larger water molecule for increased hydration.
- + **Ylang Ylang & Chamomile:** Deliver a soothing effect to the skin.

HOW TO USE

1. Shake well.
2. Hold six to nine inches away from your face and spritz lightly in circular motions, keeping your eyes closed.
3. Apply over your **colorescience**® Skin Perfector, foundation and/or other cosmetic products as a final step to your beauty routine.

WHY YOUR CLIENTS NEED HYDRATING SETTING MIST

- + This moisture-rich mist revives the look of dry, dehydrated and flaky skin.
- + Guards against dryness and refreshes the skin.

PROFESSIONAL TIP

"We keep Colorescience Hydrating Setting Mist in the refrigerator and apply it post-laser on top of Even Up to help cool and soothe the skin. It is included as part of their laser package and one of the products they use continuously 5-7 days post."

—Michelle Turley, Savannah Plastic Surgery

ALL COLORESCIENCE® PRODUCTS EXCLUDE: TALC, DYES, SYNTHETIC FRAGRANCE, MINERAL OIL, DRYING ALCOHOLS AND HARSH CHEMICALS.
